

An Apple a Day!

November 2019

GOLF NEWS

Ty Hauglie, General Manager

It is hard to believe that the 2019 golf season has already come to an end. The crazy weather we experienced this year certainly seemed to make the year feel shorter than it was. After collecting some data we have determined that we received over 30 inches of rain from April through October. The normal yearly average is right around 16 inches which means we were almost double our average. While the wet weather made golf challenging at times it certainly helped the grass growing at Apple Creek. Nearly all of our sod projects throughout the year knitted and had strong growth before the end of the growing season. This certainly aides how the golf course will look and play coming out of winter. Although the moisture was good for the golf course it certainly hampered our ability to stay on top of the rough. This was a talking point at our Greens Committee meetings on a weekly basis. During our wet times we are unable to mow a fair amount of the rough as we do not want to cause any damage to the turf with the heavy machinery. Once we dry out a little we spend extra hours during the day trying to catch up for the days we couldn't mow. Every time we got caught up with the mowing it seemed like we would get another downpour and we were back to square one. This coming year we are planning on running different shifts with our 2 rough mowers throughout the day to try and stay on top of the mowing, ahead of any potential storms and to catch up after heavy rains. Hopefully this will lead to a more consistent height of the rough.

I would like to thank Kenny and his staff (Kyle, Richard, Jeremy, Mitch, Joey, Evan, Willard, Eric, Errin and Randy) for their hard work and dedication. They accomplished a number of major projects this year and kept the golf course in the best possible condition despite the crazy weather. They are currently working on getting the golf course ready for the upcoming winter months, which includes: spraying fungicide on the greens, hydro-mulching the greens after the fungicide dries, spraying the tee boxes, picking up the

tee markers and winterizing the golf carts. They did a great job this year and we as a group have already started talking about the projects we would like to get done next year.

As we move into the winter months we will be transitioning into our Winter Operating Hours. Starting in November, our normal business hours will be as follows:

Apple Creek Golf Shop

Monday-Friday, 8:00 am - 4:30 pm

Boston's Bar & Grill/Dining Room

Thursday, 4:00 pm - 8:00 pm (closing hour can vary)

Friday, 4:00 pm - 9:00 pm (closing hour can vary)

Saturday, 4:00 pm - 8:00 pm (closing hour can vary)

Sunday, 10:00 am - 1:00 pm

December 22nd- Christmas Brunch- 10:00 am to 1:00 pm

In closing, I would like to thank all of our members for their dedication, understanding and patronage during the 2019 Golf Season. Over the summer months I asked a number of our members (golf and social) *"what makes a club a club"*? The answers I received varied from the

golf course, ability to play golf in a timely fashion, pool, staff, Bar/Lounge/Dining Room to the atmosphere of the facility as a whole. All understandable answers, but what truly makes a club is the members themselves. By definition a club is an **association of people** united by a common interest or goal. At Apple Creek Country Club, the **association of people=all of our members** and while our individual interests may vary, the common interest is our great facility as a whole and our common goal is to continue the traditions of the past and create new traditions in the future to ensure the success of Apple Creek Country Club for many years to come.

The above Specials/Happy Hour is our way of trying to start a new tradition at Apple Creek to achieve our common goal. Now all we need is our association of people to join us a couple of times a month throughout the winter months to make it a success.

HOURS OF OPERATION

🌿 GOLF SIMULATOR 🌿

(by reservation only)

Monday - Sunday

\$40 per hour

(must be done by 9:00 pm)

🌿 DINING ROOM 🌿

Lunch: Closed

Dinner
